

KEEPING OUR MOB SAFE: HOME VISITOR REGISTER

QAIHC

To keep mob safe it is recommended that we keep a register of every home visitor who stays for more than 15 minutes. This includes all family, visitors, door knockers—anyone! This way if you, or a visitor test positive for COVID-19, the public health teams to quickly find anyone who has been in close contact with the virus and take steps to slow the spread and keep community safe. This Home Visitor Register will allow you to keep a good record and reduce your stress about remembering who was in your house and when they visited.
